

SIMPLEX CONSOLE

SIMPLICITY

INNOVATIVE DESIGN

The SIMPLEX Console fulfills the basic needs of the operator while striking a balance with economic efficiency. Simplicity is the ultimate sophistication.

Unlimited Customizability

Utilizing a single basic modular system, the SIMPLEX Console offers flexibility and options for customization limited only by imagination

Contemporary Aesthetics

The use of high quality materials and finishes ensures a distinguished appearance that stands out from the rest.

ACHIEVE MORE WITH LESS

Ergonomic Design

Designed with the human operator in mind, the SIMPLEX Console delivers optimized comfort to the user in the mission critical environment.

Robust Construction

The SIMPLEX Console utilizes a revolutionary modular system constructed with recyclable gauged sheet steel and precision aluminum extrusions for durability and strength.

Natural Ventilation

Heat generated by equipment in console systems is a common problem; the SIMPLEX Console provide a solution: maintenance free ventilation.
